

Workplace Evolution:

TECHNOLOGY, DESIGN, CULTURE

ASSEMBLY
AT NORTH FIRST

APRIL 19th, 2018
7:30 am - 10:00 am

Rendering courtesy of Gensler

Every sector of the real estate industry is profoundly impacted by technology and its effect on workplace design and corporate culture. Ours is an industry in transition, and we are trying to grapple with what lies ahead and how the physical space will be transformed as our work patterns evolve, as well.

Join us for a thought-provoking dialogue exploring blurred lines and challenges in the dynamic workplace environment—a conversation about global trends, demographics, innovation and productivity.

HARDHAT TOUR OF ASSEMBLY AVAILABLE - FIRST COME FIRST SERVE BASIS!

Please contact Molly Mixon @ ProspectHill Group for consideration.
